2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Lincoln Street School provides a personalized learning option for students in grades Transitional Kindergarten through grade eight. Our school serves families in 14 districts within Tehama County and is a voluntary program.

Lincoln Street School is committed to helping families connect, learn, and grow. Our goal is to meet or exceed the quality of education offered in area classrooms, and to provide a program of excellence for students taught at home. Ours is a small school, with an average enrollment of 100 or less. Our teachers meet weekly or bi-weekly with students and their families to provide instruction and guide their learning. A well-rounded program is offered, with emphasis on the core subjects, and with opportunities to explore interests in the arts, the environment, and physical education. Our staff provides optional on-site and virtual support. Our Family Success Liaison addresses any barriers to education that our families may encounter (basic needs, emotional and social support, and community resources). Support for the teaching adult is provided through monthly opportunities.

Mission Statement

At Lincoln Street School, our goal is to inspire students, empower parents, and promote a life-long love for learning. We create an environment where academic success is personalized and achievable. Parents work with credentialed teachers to implement an Independent Study program following a homeschooling model; enriching, challenging, and inspiring students.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Lincoln Street School is in the Science adoption process. Due to decrease funding, Lincoln Street School is splitting the adoption over three years. We have completed 2 out of the 3 years. Updated science curriculum has been provided for all Kindergarten through Third, Seventh and Eighth grade students. Next, we will purchase new curriculum for the Fourth through Sixth grades to complete the adoption cycle.

School Facility Conditions and Planned Improvements

Our school is located on Lincoln Street in Red Bluff, adjacent to the Tehama County Department of Education building. The 2014-15 school year began in this newly constructed facility. This facility provides a welcoming center, conference room, teacher/family consultation offices, library, science/art room and two large meeting areas. The building was built using green construction combining energy conservation with aesthetics.

Children are almost always accompanied by their parents when they come to school to meet with a teacher or attend an activity. There is a digital sign in/sign out procedure. The Lincoln Street School library/media center is located within the facility, providing easy access for all of our students, parents, and staff. A large assembly room and smaller meeting rooms are available within the Tehama County Department of Education complex when needed for Lincoln Street activities or professional development.

Lincoln Street School is cleaned on a daily basis. Safety inspections are conducted monthly to ensure that the site is clean and safe. Maintenance staff ensures that all repairs necessary to keep the site in good repair are completed in a timely manner. A Maintenance Request Form is used to ensure efficient service on any and all site related issues.

The table below displays the results of the most recently completed school site inspection to determine the school facility's good repair status. The inspection was completed in October of 2021.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	30	N/A	25	N/A	47
Mathematics (grades 3-8 and 11)	N/A	8	N/A	5	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents are highly involved in their children's education at Lincoln Street School. Lincoln Street teachers and staff create a partnership with the students and their parents. Under the guidance of supervising teachers, parents teach their children at home and are provided with the necessary curriculum and tools to do so. Through frequent partnership meetings, assignments and activities are developed in an academic plan. Parents are also included in field trips and may volunteer to serve the school in many ways. Opportunities are also provided for parents to gather to exchange ideas with each other during our monthly Parent Clubs. Surveys to students and parents are given annually as an additional opportunity for input. Parents are given the opportunity to attend parent advisory meetings and a parent representative serves on the Lincoln Street Governance Committee as a voting member.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.00	0.00	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The School Safety Plan names crisis team members and outlines their responsibilities. It provides procedures to follow in case of any school emergency including, but not limited to, fire, an intruder on campus, natural disasters, chemical spills, and civil disturbances. The plan contains information on how and where to move the students for safety if circumstances make such a move necessary. Safety drills are completed throughout the school year. The school reviews the safety plan yearly and updates safety policies as needed. Safety plans are shared with our Governance Board by March 1st.

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

2019-20 Elementary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per class). The "Other" category is for multi-grade level classes.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period. These days are spent preparing curriculum for the school year and providing space to document areas that need improvement.

During each of the last three school years, three days have been provided for professional development. Because our teachers are responsible for nine grade levels, curriculum is an on-going focus. Time is spent each year on subject area adoptions. The California Consortium for Independent Study is a forum for teacher collaboration on a regional and statewide basis, and our teachers attend the annual state meeting. The California Charter School Association holds an annual conference that our teachers attend every other year. Over the last year and a half, many of the professional development opportunities have been held virtually. A focus on Social-Emotional Learning is providing additional professional development through the County Department of Education and online forums. All of the staff participated in a Social-Emotional Learning Co-Op during the summer of 2021.

This table displays the number of school days dedicated to staff development and continuous improvement.
